Re: Participation of José Costa

The APA held their conference in Vila Real, Portugal from 08th September to 11th September, 2013. Over 570 delegates attended for four days of panels and presentations.

This is to certify that Prof José Costa attended the conference, and presented a paper entitled **As representações biomédicas da saúde e da doença em enfermagem**.

The abstracts of the paper along with other panel information was published both on the APA website at <http://www.apantropologia.org/congresso2013/inicio/> and in the conference booklet that was distributed to all delegates.

Prof Costa's participation in this event was much appreciated.

Yours faithfully,

Rohan Jackson

Conference administrator
