Montijo, Portugal

Dear Dr. Pereira:

On behalf of the CAARI Fellowships Committee, it is my pleasure to inform you that you have been selected as the recipient of the 2021 CAARI Scholar in Residence award. As you know, this requires a commitment to stay at CAARI for at least 30 days in succession, ideally during spring to fall, and to be available in evenings and weekends to younger scholars working there, in return for 50% reduction in residency rate.

You are expected to play an active role in the CAARI community and to contribute to our academic environment with research-related and/or outreach events. You should keep the Director of CAARI apprised of your research activities, acknowledge CAARI in any publication that emerges from the research carried out during the fellowship, and prepare a short article on your research for the CAARI Newsflash or similar outlets.

You will shortly receive a form from the CAARI office that you will need to complete and submit. You also should be in touch with Katerina (admin@caari.org.cy) to get an update on travel restrictions due to Covid 19, and to schedule your stay at CAARI. Finally, you should also be in contact with your institution to ensure that it does not have travel restrictions to Cyprus. It is important that you let me know of your acceptance of this award by Feb. 15, 2021.

Once again, let me offer my congratulations and those of the entire CAARI Board of Trustees. We hope that this fellowship will make it possible for you to complete your research in a timely fashion. We wish you the best of luck in this and any future work on Cyprus.

Sincerely yours,

Alan H. Simmons

Dr. Alan H. Simmons
